

Release Update - FHC v2022.3

October 2022

Release Highlights

- **WinRx 2-Way Integration**
 - Automatic charge to 3rd party accounts
 - Sends response back to WinRx workflow when script is sold
 - Known customer lookup when script is scanned
- **Scroll/Search - return cursor to same spot**
 - The cursor returns to the same place on list after search/reprint in the following screens:
 - Customers, Customer History
 - Advanced Search results
 - Cash Register, Invoice Maintenance & Adv Search
 - Inventory, Update Count
- **Inventory Module - speed optimization**
 - Import counts, increase speed to import
 - Apply counts, increase speed to apply

Fixes

- Special Functions report - manual price adjustments display correctly
- Finline inventory count sheet - added fineline to report
- Corrected on hand issue: equivalents, assemblies
- Online Lotto Purchase - no longer have to press [Backspace] before entering amount
- Loyalty Rule [C] - error has been corrected
- Receiving - [Set Retail] works correctly after Freight has been applied
- Receiving - [Show Posted], freight is included
- Cash Register, timeout auto logoff has been corrected
- Cash Register, Gift Card partial payment processes correctly
- Cash Register, New Item - tax defaults to match selected fineline
- Cash Register, Round Up & Tax Exempt - work correctly when both used in same transaction
- Product File, Vendor ID - saves correctly after edit Vendor ID, corrected search by Vendor ID
- Tab sequence corrected: Product File, Advanced Search, Company Setup
- Shelf Talkers - corrected 'dollar off' talkers

NEW FEATURES

RECEIVING, HIGHLIGHT NEW ITEMS

New items that have never been received before will be highlighted in green so they can be easily identified. Receiver should verify item attributes and pricing for all new items.

CASH REGISTER, SCAN LOTTO REDEEM TICKETS (OLC ONLY)

Ontario Lotto Only: for stores who have Online Lotto tickets configured to scan, online winning lotto tickets will now scan using the barcode on the winning ticket.

PAYMENT TYPES, OPEN DRAWER

Use this new option to select whether or not the cash drawer should open for each payment type.

Payment Type: Cash

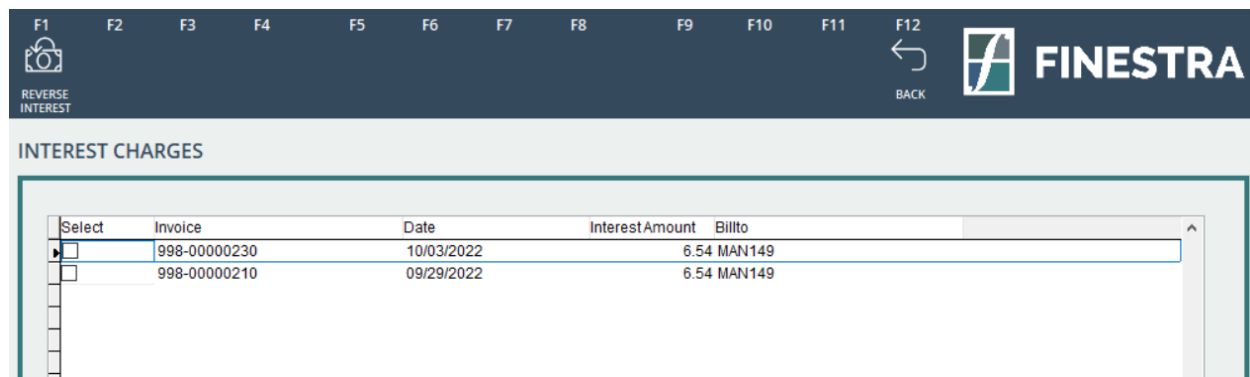

Int Payment Order: 0

Allow Cashback
 Disable Payment
 Default Payment
 Drawer Opens

CUSTOMERS, REVERSE INTEREST CHARGES

A new function has been added to Customers, to allow the reversal of interest charges that have been applied in error.

In Customers, select the customer you wish to edit, then choose **[F8] Customer History**. Select **[F5] Show Interest** to display interest charge transactions:

REVERSE INTEREST

BACK

FINESTRA

INTEREST CHARGES

Select	Invoice	Date	InterestAmount	Billto
<input checked="" type="checkbox"/>	998-00000230	10/03/2022	6.54	MAN149
<input type="checkbox"/>	998-00000210	09/29/2022	6.54	MAN149

Use the checkbox to select which interest charge you would like to reverse, then choose **[F1] Reverse Interest**.

Note: this new feature should be used instead of processing interest reversals through the Cash Register, to prevent Out of Balance on reports.

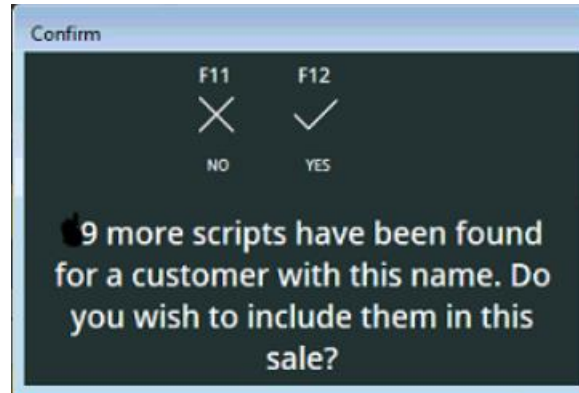

WINRX 2-WAY INTEGRATION

Contact POSitec Customer Support to configure this integration.

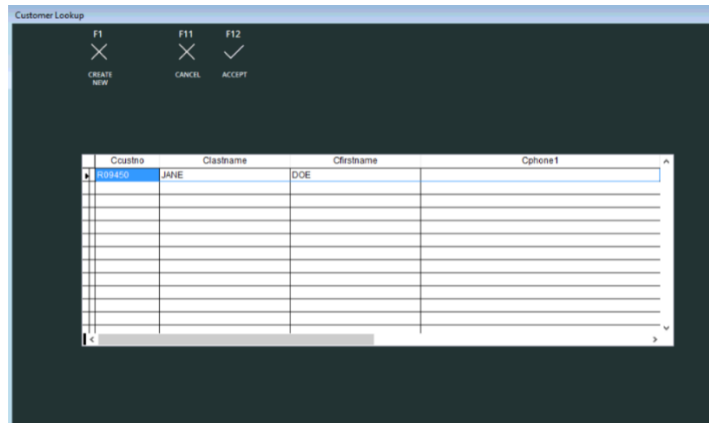

The new WinRx Integration includes the following:

- When a script is filled in WinRx, a file is transferred to FHC with the following info:
 - Script Number
 - Customer Name
 - Script cost, markup, fee, 3rd party payors, co-pay amount owing

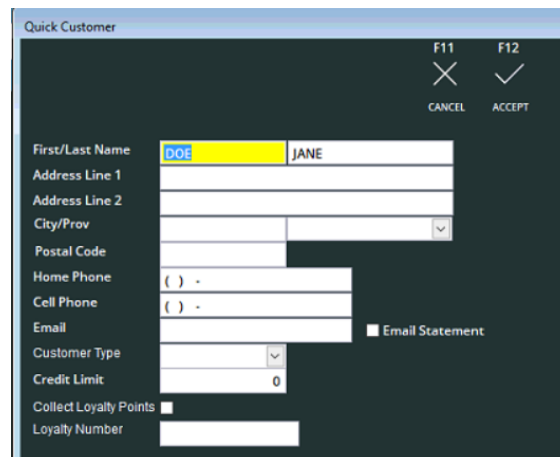

- Automatic 3rd party AR postings are made to POS when script is filled
- When a script is sold at the till, a response is sent to update WinRx workflow
- Multi-script selection - when first script is scanned for a customer, if others exist a message will be presented to cashier to add to transaction

- Automatic customer lookup - customer will be searched by name in FHC Customers.
 - If customer exists, they will be presented for cashier to select. If the same name appears more than one time, a list will be available:

- If customer does not exist, they will be added to FHC Customers and Quick Customer form will be presented to complete their information:

VENDOR PORTAL UPDATES

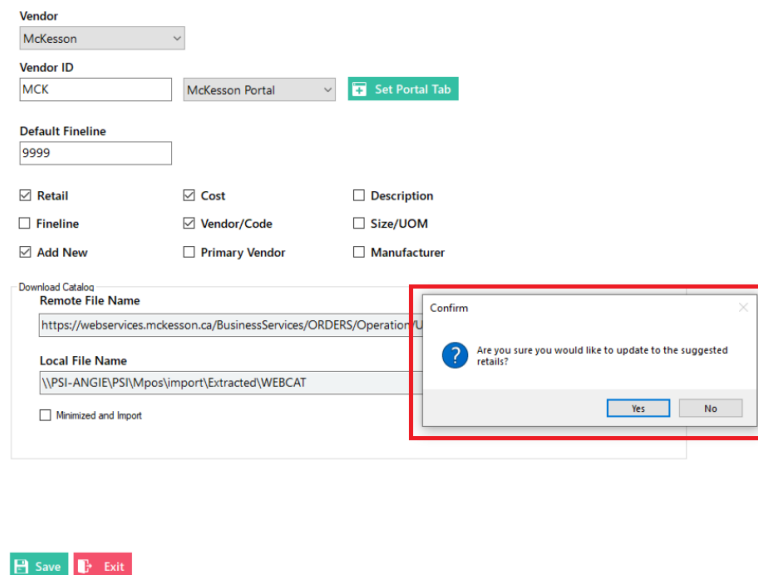

A-LINE GREETING CARDS (NEW CATALOGUE)

A new catalogue option has been added, for A-Line Greeting Cards. Access using the drop-down list in Catalogues.

McKESSON CATALOGUE CHANGES

The following changes have been made to the McKesson catalogue import process:

- New items added from catalogue will be set to retail \$9999.99
- When Retail is selected, retail for existing items will be set to manufacturer recommended retail. The following verification window will appear:

The screenshot shows the McKesson catalogue import interface. It includes a 'Vendor' dropdown set to 'McKesson', a 'Vendor ID' field with 'MCK', and a 'Default Finline' field with '9999'. There are several checkboxes for import options: 'Retail' (checked), 'Fineline' (unchecked), 'Add New' (checked), 'Cost' (checked), 'Vendor/Code' (checked), 'Primary Vendor' (unchecked), 'Description' (unchecked), 'Size/UOM' (unchecked), and 'Manufacturer' (unchecked). A 'Download Catalogue' section shows 'Remote File Name' and 'Local File Name' fields. A 'Confirm' dialog box is overlaid on the interface, asking: 'Are you sure you would like to update to the suggested retails?' with 'Yes' and 'No' buttons.

Select [Yes] to apply retails to existing items.

OTHER UPDATES

- Tax Status for new items will be applied according to the fineline the item is in

Instructions on **How-to-Install FINESTRA v.2022.3** can be found at:
