POSitec Solutions | POS Made Easy with Exceptional Support

Release Update – Finestra HC v2023.2.160

March 2024

New Features

- **New Sale Talkers: Buy-X-Get-One (BOGO, B2GO)**
  Sale Talkers for BOGO, B2GO rules have been adjusted to use the rule type rather than the rule description to identify the rule. Talkers will print correctly for these rules without a dependency on what is in the rule description or case sensitivity.

- **Cash Register, Reprint Receipt: Merchant Copy**
  Added the ability to reprint the Merchant Copy of a customer receipt. To access this feature, select the Merchant Copy or Customer Copy option displayed on the Reprint Receipt screen.

- **Self Checkout: Customer Based Loyalty**
  Added support for Customer Based Loyalty at Self Checkout. Customers can look up their account either by entering their phone number, or by scanning their Loyalty Card.

Fixes

- Inventory Report, Print Differences
  - Print order has been corrected to sort in UPC order
  - Corrected time stamp on report
- Customer Merge: corrected merge for Loyalty Card info
- Rewards Bonus Event report: corrected quantity sold details
- Advanced Search: corrected display of On Hand field
- Product File, Num Labels: corrected quantity in Shelf Talkers & Labels
- Loyalty Exclusions adjusted to include new items
